Get
In
The
Fight!!!

Warmest greetings to all Hounds and Hound families. I hope everyone enjoyed their much deserved break during block leave and are well rested and in excellent health. The Battalion continues to set standards for excellence throughout the Division and we have been very busy over the course of the past few months conducting individual and collective training in preparation for our deployment this fall. We completed a very demanding Platoon Lanes exercise in the month of June during which our platoons were evaluated on their combat readiness and I'm proud to say that this event was a great success and our Soldiers performed magnificently. I was also very glad to see many of our family members at our Organizational Day picnic out at Belton Lake just prior to block leave. It was a great opportunity for our Soldiers and families to spend some time together, compete in sporting events, and enhance our Battalion's camaraderie.

I recently returned from a trip to Iraq where I was able to see first-hand the situation on the ground and get a feel for the missions that the Battalion will be performing. I am happy to report that I observed some great and valuable work being executed by our fellow Soldiers in theater. I am confident that the Hounds will do a superb job when it is our turn to contribute to the cause. Although we will all miss our loved ones during our deployment, we are strengthened by the fact that we will be advancing the cause of freedom in that troubled part of the world as well as be doing our part to combat terrorism and defend our sacred liberties at home. We are preparing ourselves through tough, realistic training to ensure that we will not only accomplish our mission but we will also bring everyone back home safe and sound. As I write this letter, the Battalion is conducting Company Level evaluations which will keep us busy throughout most of the month of August. In order to better prepare our families for the deployment we have planned a number of pre-deployment briefings. These are currently scheduled for 17 and 18 October. We will conduct both day and evening briefings to accommodate those spouses who work. More detailed information will be provided through the company FRGs.

Over the next few months our Soldiers will be focused on collective training to include Task Force Lanes in September and deployment preparation in October. We anticipate deploying to Iraq throughout the month of December. As is always the case, we will strive to keep weekends free as much as possible and take advantage of our upcoming holidays to include Labor Day in September and Columbus Day in October to spend time with families and friends.

I wish to extend my personal thanks to all of our families for supporting our Soldiers and the Battalion. Your contributions do not go unnoticed and I truly appreciate the sacrifices that are routinely made by Army families. As always, I ask that you support and utilize your company's Family Readiness Group. The FRG is only as good as you make it. Also, our new Brigade interactive FRG website is up and running at www.armyfrg.org/4bct4id. The site is packed with a lot of very useful info to better prepare you for deployment. I highly encourage you to attend your company's next FRG meeting and get to know the other spouses in the company. There is no better way to prepare for our deployment.

Hound 7

First, I would like to welcome all the new “Hounds” to the best battalion in the U.S. Army. We have a long road ahead of us, and I am very confident that we will be very successful in any mission assigned to us. For those of you that are married, we have a very close and informative Family Readiness Group. Please join us when we schedule gatherings. This is one of the most worthwhile events you can participate and make a difference.

Another exciting quarter has gone by and the “Hounds” continue to do great things for our great nation. We conducted a Glory Brief and presented numerous awards for the well deserving soldiers. I’m sure most of you know the success the battalion accomplished during gunnery. We also awarded the soldiers that supported this event and contributed 100% of their efforts to make it successful. In the near future we will have our Infantry and Scouts do great things for our battalion with their Bradleys. Lastly I would like to thank all the soldiers in the battalion that show up to work everyday and give us 100% of their effort with a positive attitude. Their attitude and sense of pride in the unit are what make this battalion shine in the eyes of the 4th Brigade, 4th Infantry Division and the U.S. Army.

CSM Edwin Rodriguez

Battalion S-3

SGM May and myself wish to welcome everyone back from block leave. Platoon lanes was a great training event for the Battalion and should help prepare us for Company Lanes and the Brigade Mission Rehearsal Exercise during August and September.

KEEPING THE MARRIAGE COVENANT

“... For this reason a man shall leave his father and mother and be joined to his wife and the two shall become one.” (Gen. 2:24; Matt. 19:5)

“Keeping a relationship strong is a decision. One reason the divorce rate is so high is that many people go into marriage without a firm commitment of the front end of the relationship to never let some situation mean more than the relationship”

-John C. Maxwell

Marriage is a sacred institution founded by God “the creator at the beginning of human history.” God made man and woman in His image and likeness and “God blessed them and God said to them, ‘be fruitful and multiply and fill the earth...’” (Gen. 1:26). God Himself officiated at the first marriage ever and therefore placed marriage in a divine realm. Joining the first man and woman together as husband and wife, God said: “For this reason a man shall leave his father and mother and be joined to his wife and the two shall become one.” (Gen. 2:24).

The Gospel of Matthew affirmed God’s original plan for husband and wife when the Pharisees accosted Jesus and asked him whether the Law allows a man to divorce his wife for whatever reason he wishes. “Haven’t you read the scripture that says in the beginning the Creator made them male and female? ...And no human being must separate then, what God has joined together” (Matt. 19:5-6).

Marriage is a mutual bond of human warmth, intimacy, and love. As such, it requires a level of trust, honesty, mutual respect, equality, dignity, and fidelity of partners. St. Paul, in his letter to the Ephesians (5:21-33) writes a beautiful description of the spiritual unity that should be shared between a true Christian husband and his wife. The deepest possible love is that of Jesus Christ himself for his Church, and Paul says the love in marriage is like this. “Spiritual love goes beyond physical limitations; it is self-giving. As one flesh, husband and wife are required to bear with each other, to be compassionate to the weakness of the other, just as God is compassionate to our weaknesses. God has not divorced us and he will never disown or divorce us because we will fail to measure up to his standard. This is a good lesson for couples to learn.

Married love is a great covenant. It is a community of love and mutual gift to procreate and bring up children and to be there for them. God, who made human beings out of love, gave them the gift of marriage as a means to share and propagate love within and outside their family circle. There is no gain saying the fact that marriage is a vocation. It is a special calling to those God has ordained to co-create with Him. It is a kind of empowerment. God chose mere humans, in his goodness, to share with Him His creative power. Those who share this power with God must do so with a sense of gratitude and humility. They must understand that love is the basis of every relationship, including marriage, and so love must be the strength and the atmosphere of the whole married life.

Maturity plays a wonderful role in married life. Emotional, psychological, physical, and spiritual maturity must be the bedrock of every marriage. Maturity helps spouses to know that even though they are two different people, marriage has made them one flesh, to understand, respect, love, forgive and bear with each other to make their union a success.

Let me conclude with St. Paul’s words about love. He says:

“Love is patient and kind; it is not jealous or conceited or proud. Love is not ill-mannered or selfish or irritable. Love does not keep record of wrongs. Love is not happy with evil, but is happy with the truth. Love never gives up, and it’s faith, hope, and patience never fail. Love is eternal.” (1 Cor. 13:4-5)

As deployment draws near, couples must endeavor to renew their marriage commitment.

HOUND IN

CUSTOMER SERVICE PROCEDURES

Soldiers who require routine customer service must first go through local channels involving their chain of command. Any soldier who violates this policy will be directed to return to their Company 1SG. Soldiers below the rank of Staff Sergeant (E6) must have a PAC Slip signed by their Training Room NCO/clerk and Company 1SG/CDR Only! Most actions can be handled by them prior to arrival at the BN S1.

All Personnel Action Request and Financial Application will be initiated by the Company Training Room Personnel and endorsed appropriately by the Battalion S1. Any action requiring immediate attention and further "one-on-one" assistance by the Battalion S1 will be handled by appointments, which can ONLY be scheduled by Company Training Room Personnel, 1SG/CDR, and the Battalion S1 Personnel Officer (Adjutant) or Senior Personnel Services Sergeant (PAC Supervisor). Officers and Sergeants First Class or above do not require a PAC Slip and may forward complete actions to outside agencies with prior coordination of the Battalion Adjutant or PAC Supervisor.

Training Room NCO/Clerks are required to pick up distribution twice daily, 1000hrs and 1400hrs.

Hammers

Hammer 6

I would like to thank all of the soldiers and families who have welcomed me as the incoming Hammer 6. CPT Marzan and Mary did an outstanding job, and I have big shoes to fill. The Hammer team is now set; those in the unit are the same Soldiers we will deploy to Iraq with. We have finished platoon lanes and block leave, and are now preparing to execute Company/Team Lanes until the 22nd. The Soldiers continue to hone and refine the skills needed for deployment. We will not go to NTC this time, but will have our evaluation here at Fort Hood in late September. As the Soldiers prepare for deployment, I need the families to also be prepared. Issues such as family care plans, powers of attorney, finances, and wills need to be completed. In addition, training such as Army Family Team Building, and participation in our Family Readiness Group will ensure that the team here on the home front is also ready for deployment

Sincerely,
CPT Troy Wayman

Hi Hammers,

I'm proud to be on your team. I will strive to provide you with positive and fair leadership. **STICK TO STANDARDS.**

ARES

Hello to all the families and friends of A/3-67 AR. The last few months have been busy for us as we have completed our new equipment training for the M2A2 Bradley Fighting Vehicle and continued to hone our rifle marksmanship, individual, and collective skills that are vital for successful combat infantrymen. The premier training event that we conducted was a Platoon Live Fire Exercise that incorporated Rifle Squad/Bradley Fighting Vehicle integration, tactical convoy operations, and urban warfare operations. It was difficult and challenging training and all of the soldiers and leaders learned a great deal about their roles and responsibilities as infantrymen. Now that block leave is over, the training begins at an even faster pace and grows more challenging and demanding as we continue to prepare for our deployment to Iraq.

Berzerkers

BERZERKER 6

Greetings to all friends, family, and fellow Berzerkers! First off, I would like to say what a pleasure it has been to work with each and every one of you. The great strides this company has made since our inception last December has been phenomenal, and we will continue to get even better as we finish our rigorous training path over the next couple of months.

For all the wives and as a reminder to soldiers, the Berzerker company has been training on individual marksmanship, combat lifesaver training, digital training, fire team live fires, squad live fires, shoot house live fires, and Bradley qualification. This all culminated with a 96 hour platoon training event that ended with a platoon live fire event. With little or no days off, the Berzerker company immediately transitioned into Expert Infantryman's Badge (EIB) training that finished just prior to block leave.

So where do we go from here? During the last week of July we spent 4 days at an urban training site fine tuning our platoons. In August, we will conduct company level training for approximately a week and for the entire month of September, we will conduct a Mission Readiness Exercise as our final training event before deployment to Iraq.

In preparation for Iraq, the Hound Battalion will conduct deployment readiness briefings to prepare soldiers and families for the deployment. A detailed schedule will be published at a later date and maximum participation is encouraged.

Take care and God speed,

COPPERHEADS

Copperhead 6

Greetings to all Copperhead families. Since the last news letter the guys have been busy! In April we completed another successful tank gunnery. I was proud of all the hard work and professionalism shown by all members of the team. Congratulations to the crew of C22 (SSG Linse, SGT Richards, PFC Alves, and PVT Austin) for firing a 940, out of a 1000 points, earning them the “Top Tank” position in the company. The month of May allowed our Soldiers to conduct some after operations maintenance on our vehicles, and prepare for platoon lanes.

June was a busy month for the guys with an intensive platoon lanes exercise which culminated with a tank gunnery live fire. Put simply the men were given a mission to execute that included shooting at targets replicating enemy forces.

The upcoming months will be busy as we move further into our training cycle. The company will conduct company team lanes, followed by task force lanes, and our deployment to Iraq. I can not be prouder of the hard work and dedication your loved ones show everyday, and the support given by the families.

Dark Knights

Dark Knight 6

Dark Knights! I am proud to congratulate the company for shooting best tank company and high tank in the battalion during last gunnery in April. This is truly a reflection of the hard work and discipline of the soldiers in the company.

April was a busy month for our Soldiers. We qualified over 70% of the company as experts on the 9mm pistol. This was followed by gunnery where we had over 5 crews shoot distinguished on tank table eight. We also received our special issue equipment that we will take with us to Iraq. During the month of May, we conducted our first reflexive fire range with great success. We threw hand grenades during our range week for some of us this was the first time in years that we had gotten the opportunity to do this. At the Company family day at BLORA, we had a nice cook out with our families, and watched 1LT Soyka get wet at the paddle boats. The company FRG had a very successful Self Care class that allowed 12 families to receive over the counter medicine from the pharmacy at Darnell. In June, we conducted platoon lanes. Our family PT physical training day and organizational day had a great turn out and was enjoyed by all. In August, we will be participating on company lanes from 5-22 AUG.

We will be having another family cookout sometime toward the end of the summer. FRG meetings will be the third Thursday of every month except in August due to the field exercise.

CPT Byrd (KNIGHT 6)

Dark Knight 7

Hello from Dark Knight 7,

Well we've been through a lot of good training and our company has done some growing as a unit. I am very proud of each and every one of our soldiers for the hard work they have contributed to the unit's mission in the last few months. We set the standard in gunnery by shooting top company, yet again. Our soldiers have spent numerous hours qualifying and training with their personal weapons, they have learned how to fight in close quarters combat and recently they went through platoon lanes to demonstrate their proficiency in platoon level tasks. We are now headed for our company/team lanes where I expect we will set the standard for the Battalion. I want to also thank all the spouses in the company for your support. Without your continued support, our soldiers could not maintain such high standards.

Sincerely,
1SG Adkinson (KNIGHT 7)

Easy Riders

Easy Rider 6

Soldiers and families of E CO 3-67 AR BN, it has truly been an exciting quarter for numerous reasons. First of all, I'd like to thank everyone for their support with the Spring Picnic. The turn out was great and I hope everyone had a fun time.

The company has been blessed with moving offices once again. I say this because we have one of the nicest headquarters on post now. Fret not, we haven't moved too far. We are now located in Bldg 10007, which is only one building away from where we were, and, the office phone number is 287-1746. The CQ phone number is 553-2118.

Soldiers have been conducting a lot of training. Engineers have been conducting weapons training and individual training which has prepared them for squad and platoon level training they recently completed. After block leave, engineers completed demo training, began company level training, and continued to refine their individual training.

As we get ready to deploy, now is one of the most important times to ensure our FRG grows strong. I strongly encourage everyone to attend our next meeting so we can continue to build our family. I hope everyone had a nice Independence Day Holiday and wish all a great Summer.

CPT Jason Hamill

FRG Group Leader

I hope everyone's summer is going well. The FRG meeting on the 14th of July kicked off the incredibly important pre-deployment readiness training. The value of these future meetings cannot be stressed enough. We will provide you with resources, information, and help from the FRG on how to respond during a crisis. The Army makes the Readiness Group mandatory for each Company Commander exclusively to support you. We will begin putting together our emergency-crisis binder with everything you will need to be able to handle any emergency or crisis that could arise during the deployment. We are focused on preparing everyone to be able to cope as a single spouse during the upcoming deployment because there are numerous issues that could arise.

I am also in need of help! Currently I am the only person in a standard position within the FRG. I have at least 15 positions open. Please come to the meeting and sign up to help me so I can better help all of the families of Echo Company, both near and far. We are committed to reaching out to all members of a soldier's family, including parents of single soldiers.

News From Fox 6

First off, great day to be a Fox soldier. I would like to introduce myself. My name is Frank A. Benites and I hail from Los Angeles, California. I am married to the former Brooksanne Duggar of Blountstown, Florida. I have been married for 10 years and have 2 daughters, Gabi (7), Regan (2) and we are expecting a third daughter (name TBD) this fall. I took command of the FSC on 22 March 2005 from CPT Jennifer Hafey. Me and the Fox Family wish her the best in life as she transitions to the civilian sector.

Soldiers in the Fox have been doing some great things since the last newsletter. We have supported the Mighty Hounds during numerous ranges, one gunnery and the just completed platoon lanes.

The training continues to be fast and furious as we prepare for our deployment to Iraq in support of our Nation's War on Terrorism. We have numerous training events scheduled after block leave which will ensure that all of our soldiers will have the requisite skills to ensure that we all return to our loved ones safely.

The Maintenance Platoon continue to do a great job in ensuring that the HHC and Fox Company's equipment is ready to roll. This is quite an accomplishment considering the amount of equipment that our Battalion has.

The Supply & Transportation Platoon continues to support the 1100 person Task Force with the food, fuel and ammunition that are required to ensure that our sister companies have the resources necessary to make sure they are combat ready to accomplish their difficult mission in Iraq.

The Combat Repair Teams continue to do a phenomenal job in support of our combat arms units. SSG(P) Tuttle's and SFC Encinia's Combat Repair Teams have done an outstanding job providing the maintenance support and expertise to our two mechanized infantry companies and all their new Bradley's. SSG Bernard and SFC Wiles still train and employ the best tank mechanics in division. They successfully provided continuous maintenance support during their level I gunnery.

SSG (P) Northam has been a great addition to the Fox Family. His team provides the engineer company with the some quality Bradley maintenance support.

Our Family Readiness Group is still going strong and is still conducting meetings on the second Wednesday of every month. The FRG leadership has been a great source of information for all family member to ensure they are informed during the whole deployment process.

The next few months are going to be fast and furious. The command team is going to do everything within our power to ensure that all Soldiers are technically and tactfully proficient and ready to deploy. As we work through our deployment timeline, many of our Soldiers will have to work extended hours, and for this I ask your patience and understanding.

In closing, I am excited to be apart of the Fox Family. It is going to be a great ride.
